TONS LIGHTOLOGY INC. AND SUBSIDIARIES
CONSOLIDATED FINANCIAL STATEMENTS AND INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2022 AND 2021

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and

financial statements shall prevail.

#### **Representation Letter**

In connection with the Consolidated Financial Statements of Affiliated Enterprises of TONS LIGHTOLOGY INC. AND SUBSIDIARIES (the "Consolidated FS of the Affiliates"), we represent to you that, the entities required to be included in the Consolidated FS of the Affiliates as of and for the year ended December 31, 2022 in accordance with the "Criteria Governing Preparation of Affiliation Reports, Consolidated Business Reports and Consolidated Financial Statements of Affiliated Enterprises" are the same as those required to be included in the Consolidated Financial Statements of TONS LIGHTOLOGY INC. AND SUBSIDIARIES (the "Consolidated FS of the Group") in accordance with International Financial Reporting Standard 10. Additionally, the information required to be disclosed in the Consolidated FS of Affiliates is disclosed in the Consolidated FS of the Group. Consequently, TONS LIGHTOLOGY INC. AND SUBSIDIARIES does not prepare a separate set of Consolidated FS of Affiliates.

Very truly yours,
TONS LIGHTOLOGY INC. AND SUBSIDIARIES
By

TANG, SHIH-CHUAN, Chairman February 23, 2023

#### INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

#### To the Board of Directors and Shareholders of Tons Lightology Inc.

#### **Opinion**

We have audited the accompanying consolidated balance sheets of Tons Lightology Inc. and its subsidiaries (the "Group") as at December 31, 2022 and 2021, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission.

#### Basis for opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditors' responsibilities* for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Group's 2022 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group's 2022 consolidated financial statements are stated as follows:

#### Timing of recognising sales revenue

#### Description

Please refer to Note 4(29) for a description of accounting policy on sales revenue. Please refer to Note 6(18) for details of sales revenue.

The Group is primarily engaged in manufacturing and trading lighting equipment and lamps and the transaction mode is the parent company receives orders and transfers the orders to the subsidiaries for manufacturing and delivery. Sales revenue includes different transaction terms and the timing of transfer of the control of goods involves manual judgement, we thus identified the timing of sales revenue recognition as one of the key areas of focus for this year's audit.

#### How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Obtained an understanding and evaluated the operating procedures and internal controls over sales revenue, and assessed the effectiveness on how the management controls the timing of recognising sales revenue.
- B. Performed sales cut-off test for a certain period before and after balance sheet date to assess the accuracy of the timing of sales revenues.

#### **Inventory valuation**

#### Description

Please refer to Note 4(13) for a description of accounting policy on inventory valuation. Please refer to Note 5(2) for accounting estimates and assumption uncertainty in relation to inventory valuation. Please refer to Note 6(5) for a description of inventory. As of December 31, 2022, the Group's inventory amounted to NT\$198,175 thousand and inventory valuation losses amounted to NT\$23,559 thousand. The Group is primarily engaged in manufacturing and trading lighting equipment and lamps. Under the Group's inventory policy, inventory valuation is measured at the lower of cost and net realisable value, which involves subjective judgement resulting in a high degree of estimation uncertainty. Thus, we identified inventory valuation as one of the key areas of focus for this year's audit.

#### How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Obtained an understanding of the Group's inventory policy and assessed the reasonableness of the policy.
- B. Reviewed annual inventory counting plan and observed the annual inventory counting event in order to assess the classification of obsolete inventory and effectiveness of obsolete inventory internal control.
- C. Obtained the Group's inventory aging report and verified dates of movements with supporting documents. Ensured the proper categorisation of inventory aging report in accordance with the Group's policy.
- D. Obtained the net realisable value statement of each inventory, assessed whether the estimation policy was consistently applied, tested the estimation basis of the net realisable value with relevant information, including verifying the sales and purchase prices with supporting evidence, and recalculated and evaluated the reasonableness of the inventory valuation.

#### Other matter – Parent company only financial statements

We have audited and expressed an unqualified opinion on the parent company only financial statements of Tons Lightology Inc. as at and for the years ended December 31, 2022 and 2021.

### Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the Group's financial reporting process.

#### Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgement and professional skepticism throughout the audit. We also:

- A. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- B. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- C. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- D. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- E. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- F. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Hung, Shu-Hua Liu, Mei Lan

For and on behalf of PricewaterhouseCoopers, Taiwan February 23, 2023

The accompanying consolidated financial statements are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles generally accepted in countries and jurisdictions other than the Republic of China. The standards, procedures and practices in the Republic of China governing the audit of such financial statements may differ from those generally accepted in countries and jurisdictions other than the Republic of China. Accordingly, the accompanying consolidated financial statements and independent auditors' report are not intended for use by those who are not informed about the accounting principles or auditing standards generally accepted in the Republic of China, and their applications in practice.

## TONS LIGHTOLOGY INC. AND SUBSIDIARIES NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

(Expressed in thousands of New Taiwan dollars, except as otherwise indicated)

#### 1. ORGANISATION AND OPERATIONS

Tons Lightology Inc. (the "Company") was incorporated as a company limited by shares under the provisions of the Company Law of the Republic of China (R.O.C) on August 20, 1992. On June 17, 2013, the Company's stocks were officially listed on the Taipei Exchange. The Company and its subsidiaries (collectively referred herein as the "Group") are primarily engaged in manufacturing and trading of lighting equipment and lamps.

### 2. THE DATE OF AUTHORISATION FOR ISSUANCE OF THE CONSOLIDATED FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORISATION

These consolidated financial statements were approved and authorised for issuance by the Board of Directors on February 23, 2023.

#### 3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards ("IFRS") that came into effect as endorsed by the Financial Supervisory Commission ("FSC")

New standards, interpretations and amendments that came into effect as endorsed by the FSC and became effective from 2022 are as follows:

|  | Effective date by        |
|--|--------------------------|
|  | International Accounting |
| New Standards, Interpretations and Amendments                                      | Standards Board          |
| Amendment to IFRS 3, 'Reference to the conceptual framework'                       | January 1, 2022          |
| Amendment to IAS 16, 'Property, plant and equipment: proceeds before intended use' | January 1, 2022          |
| Amendment to IAS 37, 'Onerous contracts – cost of fulfilling a contract'           | January 1, 2022          |
| Annual improvements to IFRS Standards 2018-2020                                    | January 1, 2022          |

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

### (2) Effect of new issuances of or amendments to IFRSs that came into effect as endorsed by the FSC but not yet adopted by the Group

New standards, interpretations and amendments endorsed by the FSC effective from 2023 are as follows:

|   | Effective date by               |
|---|---------------------------------|
|   | <b>International Accounting</b> |
| New Standards, Interpretations and Amendments             | Standards Board                 |
| Amendments to IAS 1, 'Disclosure of accounting policies'  | January 1, 2023                 |
| Amendments to IAS 8, 'Definition of accounting estimates' | January 1, 2023                 |
| Amendments to IAS 12, 'Deferred tax related to assets and | January 1, 2023                 |
| liabilities arising from a single transaction'            |                                 |

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

#### (3) IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

|  | Effective date by International Accounting  |
|--|---|
| New Standards, Interpretations and Amendments  | Standards Board   |
| Amendments to IFRS 10 and IAS 28, 'Sale or contribution of   | To be determined by   |
| assets between an investor and its associate or joint venture'   | International Accounting  |
| Amendments to IFRS 16, 'Lease liability in a sale and leaseback' IFRS 17, 'Insurance contracts' Amendments to IFRS 17, 'Insurance contracts' Amendment to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information' | Standards Board<br>January 1, 2024<br>January 1, 2023<br>January 1, 2023<br>January 1, 2023 |
| Amendments to IAS 1, 'Classification of liabilities as current or  | January 1, 2024   |
| non-current' Amendments to IAS 1, 'Non-current liabilities with covenants'   | January 1, 2024   |

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment. The quantitative impact will be disclosed when the assessment is complete.

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

#### (1) Compliance statement

The consolidated financial statements of the Group have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the FSC (collectively referred herein as the "IFRSs").

#### (2) Basis of preparation

- A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:
  - (a) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
  - (b) Financial assets at fair value through other comprehensive income.
  - (c) Defined benefit liabilities recognised based on the net amount of pension fund assets less present value of defined benefit obligation.
- B. The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

#### (3) Basis of consolidation

- A. Basis for preparation of consolidated financial statements:
  - (a) All subsidiaries are included in the Group's consolidated financial statements. Subsidiaries are all entities controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.
  - (b) Inter-company transactions, balances and unrealised gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
  - (c) Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
  - (d) Changes in a parent's ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary (transactions with non-controlling interests) are accounted for as equity transactions, i.e. transactions with owners in their capacity as owners. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of

the consideration paid or received is recognised directly in equity.

(e) When the Group loses control of a subsidiary, the Group remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition of a financial asset or the cost on initial recognition of the associate or joint venture. Any difference between fair value and carrying amount is recognised in profit or loss. All amounts previously recognised in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group loses control of a subsidiary, all gains or losses previously recognised in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

#### B. Subsidiaries included in the consolidated financial statements:

- C. Subsidiaries not included in the consolidated financial statements: None.
- D. Adjustments for subsidiaries with different balance sheet dates: None.
- E. Significant restrictions: None.
- F. Subsidiaries that have non-controlling interests that are material to the Group: None.

#### (4) Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in New Taiwan dollars (NTD), which is the Company's functional and the Group's presentation currency.

#### A. Foreign currency transactions and balances

- (a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise.
- (b) Monetary assets and liabilities denominated in foreign currencies at the period end are retranslated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.
- (c) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair

value are translated using the historical exchange rates at the dates of the initial transactions.

(d) All foreign exchange gains and losses are presented in the statement of comprehensive income within 'other gains and losses'.

#### B. Translation of foreign operations

The operating results and financial position of all the group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (a) Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;
- (b) Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and
- (c) All resulting exchange differences are recognised in other comprehensive income.

#### (5) Classification of current and non-current items

- A. Assets that meet one of the following criteria are classified as current assets; otherwise they are classified as non-current assets:
  - (a) Assets arising from operating activities that are expected to be realised, or are intended to be sold or consumed within the normal operating cycle;
  - (b) Assets held mainly for trading purposes;
  - (c) Assets that are expected to be realised within twelve months from the balance sheet date;
  - (d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to pay off liabilities more than twelve months after the balance sheet date.
- B. Liabilities that meet one of the following criteria are classified as current liabilities; otherwise they are classified as non-current liabilities:
  - (a) Liabilities that are expected to be paid off within the normal operating cycle;
  - (b) Liabilities arising mainly from trading activities;
  - (c) Liabilities that are to be paid off within twelve months from the balance sheet date;
  - (d) Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

#### (6) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

#### (7) Financial assets at fair value through profit or loss

A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortised cost or fair value through other comprehensive income.

- B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Group measures the financial liabilities at fair value. All related transaction costs are recognised in profit or loss. The Group subsequently measures these financial liabilities at fair value with any gain or loss recognised in profit or loss.
- D. The Group recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

#### (8) Financial assets at fair value through other comprehensive income

- A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Group has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. The Group subsequently measures the financial assets at fair value:

The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as revenue when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

#### (9) Financial assets at amortised cost

The Group's time deposits which do not meet the definition of cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

#### (10) Accounts and notes receivable

- A. Accounts and notes receivable entitle the Group a legal right to receive consideration in exchange for transferred goods or rendered services.
- B. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

#### (11) Impairment of financial assets

At each reporting date, for accounts receivable, the Group recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable that do not contain a significant financing component, the Group recognises the impairment provision for lifetime ECLs.

#### (12) <u>Derecognition of financial assets</u>

The Group derecognises a financial asset when the contractual rights to receive the cash flows from the financial asset expire.

#### (13) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted-average method. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct costs and related production overheads. It excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

#### (14) <u>Investments accounted for using equity method / associates</u>

- A. Associates are all entities over which the Group has significant influence but not control. In general, it is presumed that the investor has significant influence, if an investor holds, directly or indirectly 20 percent or more of the voting power of the investee. Investments in associates are accounted for using the equity method and are initially recognised at cost.
- B. The Group's share of its associates' post-acquisition profits or losses is recognised in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.
- C. When changes in an associate's equity do not arise from profit or loss or other comprehensive income of the associate and such changes do not affect the Group's ownership percentage of the associate, the Group recognises the Group's share of change in equity of the associate in 'capital surplus' in proportion to its ownership.
- D. Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
- E. In the case that an associate issues new shares and the Group does not subscribe or acquire new shares proportionately, which results in a change in the Group's ownership percentage of the associate but maintains significant influence on the associate, then 'capital surplus' and 'investments accounted for under the equity method' shall be adjusted for the increase or decrease of its share of equity interest. If the above condition causes a decrease in the Group's ownership percentage of the associate, in addition to the above adjustment, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately on the same basis as would be required if the relevant assets or

liabilities were disposed of.

F. When the Group disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate, are reclassified to profit or loss, on the same basis as would be required if the relevant assets or liabilities were disposed of. If it retains significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately in accordance with the aforementioned approach.

#### (15) Property, plant and equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalised.
- B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. If each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.
- D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change. The estimated useful lives of property, plant and equipment are as follows:

| Buildings and structures               | $20 \sim 21 \text{ years}$ |
|--|----------------------------|
| Molding equipment                      | $3 \sim 6 \text{ years}$   |
| Machinery and equipment                | $2 \sim 20 \text{ years}$  |
| Equipment for research and development | $5 \sim 11 \text{ years}$  |
| Transportation equipment               | $4 \sim 6 \text{ years}$   |
| Other assets                           | $3 \sim 20 \text{ years}$  |

#### (16) Leasing arrangements (lessee)-right-of-use assets/ lease liabilities

- A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Group. For short-term leases or leases of low-value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.
- B. Lease liabilities include the net present value of the remaining lease payments at the

commencement date, discounted using the incremental borrowing interest rate. Lease payments are comprised of fixed payments, less any lease incentives receivable.

The Group subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

- C. At the commencement date, the right-of-use asset is stated at cost comprising the following:
  - (a) The amount of the initial measurement of lease liability;
  - (b) Any lease payments made at or before the commencement date;
  - (c) Any initial direct costs incurred by the lessee.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term. When the lease liability is remeasured, the amount of remeasurement is recognised as an adjustment to the right-of-use asset.

#### (17) Intangible assets

- A. Patent is stated initially at its cost and amortised using the straight-line method over its estimated economic service life of 10 years.
- B. Computer software is stated at cost and amortised on a straight-line basis over its estimated useful life of 1 to 3 years.
- C. Other intangible assets are stated at cost and amortised on a straight-line basis over the estimated useful life of 3 years.

#### (18) <u>Impairment of non-financial assets</u>

The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. When the circumstances or reasons for recognizing impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortised historical cost would have been if the impairment had not been recognised.

#### (19) Notes and accounts payable

- A. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.
- B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

#### (20) Financial liabilities at fair value through profit or loss

A. Financial liabilities are classified in this category of held for trading if acquired principally for the purpose of repurchasing in the short-term. Derivatives are also categorised as financial liabilities held for trading unless they are designated as hedges. Financial liabilities that meet one of the following criteria are designated as at fair value through profit or loss on initial recognition:

- (a) Hybrid (combined) contracts; or
- (b) They eliminate or significantly reduce a measurement or recognition inconsistency; or
- (c) They are managed and their performance is evaluated on a fair value basis, in accordance with a documented risk management policy.
- B. At initial recognition, the Group measures the financial liabilities at fair value. All related transaction costs are recognised in profit or loss. The Group subsequently measures these financial liabilities at fair value with any gain or loss recognised in profit or loss.

#### (21) <u>Derecognition of financial liabilities</u>

A financial liability is derecognised when the obligation under the liability specified in the contract is discharged or cancelled or expires.

#### (22) Non-hedging derivatives

Non-hedging derivatives are initially recognised at fair value on the date a derivative contract is entered into and recorded as financial assets or financial liabilities at fair value through profit or loss. They are subsequently remeasured at fair value and the gains or losses are recognised in profit or loss.

#### (23) Provisions

Provisions (including warranties) are recognised when the Group has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognised as interest expense. Provisions are not recognised for future operating losses.

#### (24) Employee benefits

#### A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expense in that period when the employees render service.

#### B. Pensions

#### (a) Defined contribution plan

For the defined contribution plans, the contributions are recognised as pension expense when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refund or a reduction in the future payments.

#### (b) Defined benefit plan

- i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services in current period or prior periods. The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The defined benefit net obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of government bonds (at the balance sheet date) that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability.
- ii. Remeasurements arising on the defined benefit plans are recognised in other comprehensive income in the period in which they arise and are recorded as retained earnings.
- iii. Past service costs are recognised immediately in profit or loss.

#### C. Termination benefits

Termination benefits are employee benefits provided in exchange for the termination of employment as a result from either the Group's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept an offer of redundancy benefits in exchange for the termination of employment. The Group recognises expense as it can no longer withdraw an offer of termination benefits or it recognises relating restructuring costs, whichever is earlier. Benefits that are expected to be due more than 12 months after balance sheet date shall be discounted to their present value.

#### D. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognised as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates. If employee compensation is paid by shares, the Group calculates the number of shares based on the fair value per share estimated using a valuation technique specified in IFRS 2, 'Share-based Payment'.

#### (25) Employee share-based payment

For the equity-settled share-based payment arrangements, the employee services received are measured at the fair value of the equity instruments granted at the grant date, and are recognised as compensation cost over the vesting period, with a corresponding adjustment to equity. The fair value of the equity instruments granted shall reflect the impact of market vesting conditions and non-market vesting conditions. Compensation cost is subject to adjustment based on the service conditions that are expected to be satisfied and the estimates of the number of equity instruments that are expected to vest under the non-market vesting conditions at each balance sheet date. And ultimately, the amount of compensation cost recognised is based on the number of equity

instruments that eventually vest.

#### (26) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.
- C. Deferred tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.
- D. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. At each balance sheet date, unrecognised and recognised deferred tax assets are reassessed.

#### (27) Share capital

- A. Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or stock options are shown in equity as a deduction, net of tax, from the proceeds.
- B. Where the Company repurchases the Company's equity share capital that has been issued, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the Company's equity holders. Where such shares are subsequently reissued, the difference between their book value and any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders.

#### (28) Dividends

Cash dividends are recorded as liabilities in the Company's financial statements in the period in which they are resolved by the Company's Board of Directors. Stock dividends are recorded as stock dividends to be distributed in the Company's financial statements in the period in which they are resolved by the Company's stockholders and are reclassified to ordinary shares on the effective date of new shares issuance.

#### (29) Revenue recognition

Sales of goods

- A. The Group manufactures and sells a range of lighting equipment and lamps. Sales are recognised when control of the products has transferred, being when the products are delivered to the customers, the customers have full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customers' acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customers, and either the customers have accepted the products in accordance with the sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied.
- B. Sales revenue of lighting equipment and lamps is often recognised based on the price specified in the contract, net of the estimated sales discounts and allowances. Sales discounts and allowances are calculated based on accumulated sales amount over 12 months. The Group calculates revenue based on the contracts, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. The estimation is subject to an assessment at each reporting date. As of reporting date, sales discounts and allowances payable were recognised in short-term provisions. No element of financing is deemed present as the sales are made with a credit term of 30 to 60 days after delivery, which is consistent with market practice.
- C. The Group's obligation to provide standard warranty terms is recognised as a provision.
- D. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

#### (30) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker. The Group's Chief Operating Decision-Maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

### 5. <u>CRITICAL ACCOUNTING JUDGEMENTS</u>, <u>ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY</u>

The preparation of these consolidated financial statements requires management to make critical judgements in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

(1) <u>Critical judgements in applying the Group's accounting policies</u> None.

#### (2) Critical accounting estimates and assumptions

Evaluation of inventories

As inventories are stated at the lower of cost and net realisable value, the Group must determine the net realisable value of inventories on balance sheet date using judgements and estimates. Due to the rapid technology innovation, the Group evaluates the amounts of normal inventory consumption, obsolete inventories or inventories without market selling value on balance sheet date, and writes down the cost of inventories to the net realisable value. Such an evaluation of inventories is principally based on the demand for the products within the specified period in the future. Therefore, there might be material changes to the evaluation.

As of December 31, 2022, the carrying amount of inventories was \$174,616 thousand.

#### 6. DETAILS OF SIGNIFICANT ACCOUNTS

#### (1) Cash and cash equivalents

|                                       | Decemb |         | Dece | mber 31, 2021 |
|---------------------------------------|--------|---------|------|---------------|
| Cash on hand                          | \$     | 668     | \$   | 760           |
| Checking accounts and demand deposits |        | 49,403  |      | 50,656        |
| Time deposits                         |        | 311,906 |      | 293,020       |
|                                       | \$     | 361,977 | \$   | 344,436       |

- A. The Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.
- B. The Group's restricted time deposits that did not meet short-term cash commitments were classified as 'financial assets at amortised cost', please refer to Note 6 (3).

#### (2) Financial assets liability at fair value through profit or loss - current

| Item  |      | mber 31, 2022 | December 31, 2021 |                |  |
|---|------|---------------|-------------------|----------------|--|
| Financial assets mandatorily measured at fair value                             |      |               |                   |                |  |
| through profit or loss  |      |               |                   |                |  |
| Listed stocks   | \$   | 113,347       | \$                | 113,347        |  |
| Forward foreign exchange contracts  |      | -             |                   | 1,132          |  |
| Valuation adjustment  | (    | 53,731)       | (                 | 28,891)        |  |
|   | \$   | 59,616        | \$                | 85,588         |  |
| Item  | Dece | mber 31, 2022 | Dece              | ember 31, 2021 |  |
| Financial liabilities mandatorily measured at fair value through profit or loss |      |               |                   |                |  |
| Forward foreign exchange contracts  | (\$  | 1,687)        | \$                |                |  |

A. The Group entered into contracts relating to derivative financial assets (liabilities) which were not accounted for using hedge accounting. The information is listed below:

|   | December 31, 2022    |                       |  |  |  |  |
|---|----------------------|-----------------------|--|--|--|--|
|   | Contract amount      |                       |  |  |  |  |
| Derivative financial assets (liabilities) | (notional principal) | Contract period       |  |  |  |  |
| Forward foreign exchange contracts        | USD 1,800 thousand   | 2023.1.8~2023.12.11   |  |  |  |  |
|   | December 31, 2021    |                       |  |  |  |  |
|   | Contract amount      |                       |  |  |  |  |
| Derivative financial assets (liabilities) | (notional principal) | Contract period       |  |  |  |  |
| Forward foreign exchange contracts        | USD 1,800 thousand   | 2022.01.11~2022.12.12 |  |  |  |  |

The Group entered into forward foreign exchange contracts to sell (sell USD and buy RMB) to hedge exchange rate risk of import and export proceeds. However, these forward foreign exchange contracts are not accounted for under hedge accounting.

B. Amounts recognised in profit or loss in relation to financial assets at fair value through profit or loss are listed below:

|  |      | Years ended December 31, |         |  |  |  |
|--|------|--------------------------|---------|--|--|--|
|  | 2022 |                          | 2021    |  |  |  |
| Net loss on financial assets                       |      |                          |         |  |  |  |
| (liabilities) at fair value through profit or loss | (\$  | 27,684) (\$              | 18,555) |  |  |  |

- C. The Group has no financial assets at fair value through profit or loss pledged to others.
- D. Information relating to credit risk of financial assets at fair value through profit or loss is provided in Note 12(2).

#### (3) Financial assets at amortised cost

|               | December 31, 2022 |         | December 31, 2021 |         |  |
|---------------|-------------------|---------|-------------------|---------|--|
| Time deposits | \$                | 265,399 | \$                | 187,720 |  |

- A. The above mentioned are time deposits that do not meet short-term cash commitments. For the years ended December 31, 2022 and 2021, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the financial assets at amortised cost held by the Group were \$265,399 and \$187,720 thousand, respectively.
- B. Details of the Group's financial assets at amortised cost pledged to others as collateral are provided in Note 8.

#### (4) Notes and accounts receivable (including related parties)

|  | Decen | nber 31, 2022 | December 31, 2021 |         |  |
|--|-------|---------------|-------------------|---------|--|
| Notes receivable                             | \$    | 2,122         | \$                | 2,204   |  |
| Less: Allowance for bad debts                |       |               |                   |         |  |
|  | \$    | 2,122         | \$                | 2,204   |  |
| Accounts receivable                          | \$    | 105,930       | \$                | 145,038 |  |
| Less: Allowance for bad debts                | (     | 850)          | (                 | 1,873)  |  |
|  | \$    | 105,080       | \$                | 143,165 |  |
| Accounts receivable due from related parties | \$    | 321           | \$                | -       |  |
| Less: Allowance for bad debts                |       |               |                   | _       |  |
|  | \$    | 321           | \$                | _       |  |

A. The ageing analysis of notes and accounts receivable (including related parties) that were past due but not impaired is as follows:

|                | December 31, 2022 |              |     | December 31, 2021 |      |               |     |                   |
|----------------|-------------------|--------------|-----|-------------------|------|---------------|-----|-------------------|
|                | Note              | s receivable | Acc | counts receivable | Note | es receivable | Acc | counts receivable |
| Not past due   | \$                | 2,122        | \$  | 87,201            | \$   | 2,204         | \$  | 138,932           |
| Up to 30 days  |                   | -            |     | 15,387            |      | -             |     | 3,438             |
| 31 to 120 days |                   | -            |     | 3,366             |      | -             |     | 917               |
| Over 120 days  |                   | _            |     | 297               |      |               |     | 1,751             |
|                | \$                | 2,122        | \$  | 106,251           | \$   | 2,204         | \$  | 145,038           |

The above ageing analysis was based on past due date.

- B. As of December 31, 2022 and 2021, all the Group's accounts and notes receivable arose from contracts with customers. As of January 1, 2021, the balance of receivables from contracts with customers amounted to \$129,154 thousand.
- C. Information relating to credit risk of notes and accounts receivable is provided in Note 12(2).
- D. As of December 31, 2022 and 2021, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the Group's notes and accounts receivable was the carrying amount of the notes and accounts

receivable.

E. The Group does not hold any collateral as security.

#### (6) Financial assets at fair value through other comprehensive income - non-current

| Items                | Decem | December 31, 2022 |    | December 31, 2021 |  |  |
|----------------------|-------|-------------------|----|-------------------|--|--|
| Non-current items:   |       |                   |    |                   |  |  |
| Equity instruments   |       |                   |    |                   |  |  |
| Listed stocks        | \$    | 44,200            | \$ | 44,200            |  |  |
| Unlisted stocks      |       | 8,481             |    | 8,481             |  |  |
| Valuation adjustment | (     | 18,081)           | (  | 6,510)            |  |  |
|                      | \$    | 34,600            | \$ | 46,171            |  |  |

A. The Group has elected to classify stock investments that are considered to be strategic investments as financial assets at fair value through other comprehensive income. The fair value of such investments amounted to \$34,600 thousand and \$46,171 thousand, respectively, as at December 31, 2022 and 2021.

B. Amounts recognised in other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed below:

|  |             | Years ended December 31, |        |  |
|--|-------------|--------------------------|--------|--|
|  |             | 2022                     | 2021   |  |
| Equity instruments at fair value through other |             |                          |        |  |
| comprehensive income                           |             |                          |        |  |
| Fair value change recognised in other          |             |                          |        |  |
| comprehensive income                           | ( <u>\$</u> | 11,552) (\$              | 7,735) |  |

- C. As at December 31, 2022 and 2021, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the financial assets at fair value through other comprehensive income held by the Group were \$34,600 thousand and \$46,171 thousand, respectively.
- D. The Group did not pledge non-current financial assets at fair value through other comprehensive income to others as collateral.
- E. Information relating to credit risk of financial assets at fair value through other comprehensive income is provided in Note 12(2).

#### (7) Investments accounted for using equity method

Associates

For the years ended December 31, 2022 and 2021, the Group has no property, plant and equipment that were pledged to others as collateral and has no capitalised interest.

### (9) <u>Leasing arrangements—lessee</u>

- A. The Group leases various assets including land, buildings and machinery and equipment. Rental contracts are typically made for periods of 1 to 47 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. The carrying amount of right-of-use assets and the depreciation charge are as follows:

|                         | December 31, 2022        |           |                 | December 31, 2021   |  |  |  |

#### (12) Pensions

- A. (a) The Company and its domestic subsidiaries have a defined benefit pension plan in accordance with the Labor Standards Act, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Act. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method, to the employees expected to be qualified for retirement next year, the Company will make contributions to cover the deficit by next March.
  - (b) The amounts recognised in the balance sheet are as follows:

|                                  | Decem | December 31, 2022 |    | ember 31, 2021 |
|----------------------------------|-------|-------------------|----|----------------|
| Present value of defined benefit |       |                   |    |                |
| obligations                      | \$    | 15,136            | \$ | 13,126         |
| Fair value of plan assets        | (     | 6,246)            | (  | 5,727)         |
| Net defined benefit liability    | \$    | 8,890             | \$ | 7,399          |

(d) The Bank of Taiwan was commissioned to manage the Fund of the Company's and domestic subsidiaries' defined benefit pension plan in accordance with the Fund's annual investment and utilisation plan and the "Regulations for Revenues, Expenditures, Safeguard and Utilisation of the Labor Retirement Fund" (Article 6: The scope of utilisation for the Fund includes deposit in domestic or foreign financial institutions, investment in domestic or foreign listed, over-the-counter, or private placement equity securities, investment in domestic or foreign real estate securitisation products, etc.). With regard to the utilisation of the Fund, its minimum earnings in the annual distributions on the final financial statements shall be no less than the earnings attainable from the amounts accrued from two-year time deposits with the interest rates offered by local banks. If the earnings is less than aforementioned rates, government shall make payment for the deficit after being authorised by the Regulator. The Company has no right to participate in managing and operating that fund and hence the Company is unable to disclose the classification of plan asset fair value in accordance with IAS 19 paragraph 142. The composition of fair value of plan assets as of December 31, 2022 and 2021 is given in the Annual Labor Retirement Fund Utilisation Report announced by the government.

(e) The principal actuarial assumptions used were as follows:

|                         | Years ended December 31, |       |  |  |
|-------------------------|--------------------------|-------|--|--|
|                         | 2022                     | 2021  |  |  |
| Discount rate           | 1.50%                    | 0.50% |  |  |
| Future salary increases | 3.00%                    | 3.00% |  |  |

Future mortality rate was estimated based on the 5th Taiwan Standard Ordinary Experience Mortality Table.

Because the main actuarial assumption changed, the present value of defined benefit obligation is affected. The analysis was as follows:

| _                               | Discou         | ınt rate       | Future salary increases |                |  |  |
|---------------------------------|----------------|----------------|-------------------------|----------------|--|--|
|                                 | Increase 0.25% | Decrease 0.25% | Increase 0.25%          | Decrease 0.25% |  |  |
| December 31, 2022               |                |                |                         |                |  |  |
| Effect on present value         |                |                |                         |                |  |  |
| of defined benefit obligation ( | \$ 246)        | \$ 251         | \$ 239                  | (\$ 236)       |  |  |
| December 31, 2021               |                |                |                         |                |  |  |
| Effect on present value         |                |                |                         |                |  |  |
| of defined benefit obligation ( | \$ 246)        | \$ 251         | \$ 238                  | (\$ 234)       |  |  |
| TD1 121 1 1 1                   | . 1 1 .        | .1 11.1        | 41 4 1                  | 11 4 1         |  |  |

The sensitivity analysis above is based on other conditions that are unchanged but only one assumption is changed. In practice, more than one assumption may change all at once.

- (f) Expected contributions to the defined benefit pension plans of the Group for the year ending December 31, 2023 amount to \$49 thousand.
- (g) As of December 31, 2022, the weighted average duration of that retirement plan is 5.64 years. The analysis of timing of the future pension payment was as follows:

| 2-5 years    | <br>\$ | 4,143  |
|--------------|--------|--------|
| Over 5 years |        | 10,981 |
| -            | \$     | 15,124 |

- B. (a) Effective July 1, 2005, the Company has established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contributes monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.
  - (b) The Company's Hong Kong branch contributes 5% of employees' salaries and wages (below the ceiling of HKD1,500) pursuant to the mandatory provident fund schemes. The accrued benefits is deposited in a specialised account in Manulife (International) Limited and can only be withdrawn when scheme members reach the age of 65. Other than the monthly contributions, the Group has no further obligations.
  - (c) Titan Lighting Co. Ltd. and Zhongshan Tons Lighting Co. Ltd. have a defined contribution plan. Monthly contribution to an independent fund administered by the government in accordance with the pension regulations in the People's Republic of China (PRC) are based on a certain percentage of employees' monthly salaries and wages. On December 31, 2022 and 2021, abovementioned contribution percentage was 14%. Other than the monthly contributions, the Group has no further obligations.
  - (d) The pension costs under defined contribution pension plans of the Group for the years

ending December 31, 2022 and 2021 were \$15,940 thousand and \$14,926 thousand, respectively.

# (13) Share-based payment

A. As at December 31, 2022 and 2021, the Group's share- based payment arrangements were as follows:

|   |            |               |          |                    | Actual   | Actual   |           |

| Reason for reacquisition | of the year   | the year                     | the year      | the year      |  |  |  |  |
| Reissued to employees    | 2,000         | _                            | ( 500)        | 1,500         |  |  |  |  |

- (b) According to the transfer regulations of 1st repurchase of the Company's shares, the Company should transfer all the repurchased shares to employees in three years starting from the date of repurchase. If the untransferred shares were past due, these shares will be treated as shares yet to be issued and should be registered for cancellation according to regulations. On April 7, 2022, the Board of Directors resolved to cancel the 1st repurchased 1,000 thousand treasury shares and set April 25, 2022 as the effective date and the registration was completed on May 11, 2022.
- (c) The Company's shares repurchased pursuant to the 'Regulations Governing Transfer of the Company's 2nd repurchased shares' shall be reissued to employees in one time or several times within five years commencing from the completion date of share repurchase. The transfer price is the average actual share repurchase price. The Board of Directors during its meeting on July 30, 2021 adopted a resolution to transfer 500 thousand of 1,000 thousand shares which were acquired in the 2nd share repurchase to employees at a transfer price of NT\$28.74 per share. All proceeds from share subscription have been collected as of August 11, 2021. The transfer of treasury shares to employees has been completed on August 25, 2021.
- (d) In order to encourage employees and strengthen coherence of the Company, the Board

of Directors resolved to purchase 2,000 thousand treasury shares in total for transferring to employees. As of December 31, 2022 and 2021, the balances of treasury shares after repurchases and transfers to employees were \$14,372 thousand and \$48,364 thousand, respectively.

- (e) Pursuant to the R.O.C. Securities and Exchange Act, the number of shares bought back as treasury share should not exceed 10% of the number of the Company's issued and outstanding shares and the amount bought back should not exceed the sum of retained earnings, paid-in capital in excess of par value and realised capital surplus.
- (f) Pursuant to the R.O.C. Securities and Exchange Act, treasury shares should not be pledged as collateral and is not entitled to dividends before it is reissued.
- (g) Pursuant to the R.O.C. Securities and Exchange Act, the 1st and 2nd purchase of treasury shares should be reissued to the employees within three and five years from the reacquisition date, respectively, and shares not reissued within the three-year or five-year period are to be retired. Treasury shares to enhance the Company's credit rating and the stockholders' equity should be retired within six months of acquisition.

# (15) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Law requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

# (16) Retained earnings

- A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall be distributed in the following order:
  - (a) Offset prior years' operating losses, if any.
  - (b) Set aside 10% of the remaining amount as legal reserve, and set aside or reverse special reserve when necessary.
  - (c) The remainder along with the unappropriated earnings of prior years is the accumulated distributable earnings. The appropriation of accumulated distributable earnings shall be proposed by the Board of Directors and be resolved by the shareholders.

The Company is at the development stage. In line with current and future development plans and investment environment, and to respond to capital needs and domestic and foreign competition, as well as shareholders' benefits, balanced dividends and the Company's long-term financial plan, etc., the earnings shall be appropriated in compliance with the above regulations. The ratio of dividends to shareholders shall account for at least 50% of the accumulated distributable earnings, of which the ratio of cash dividends shall account for at least 10% of the total dividends distributed. However, the Board of Directors shall adjust the ratios based on current operating status and shall report to the shareholders for a resolution.

- B. Under a resolution made by the Board of Directors, which has more than 2/3 directors attended the meeting and more than 1/2 attended directors agreed, full or partial of the distributable dividends and bonus, capital surplus or legal reserve will be distributed in the form of cash, and it will be reported to the shareholders. The regulation in relation to approval from the shareholders as abovementioned is not applicable.
- C. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose.

The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.

- D. (a) In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
  - (b) The amount previously set aside by the Company as special reserve on initial application of IFRSs in accordance with Order No. Financial-Supervisory-Securities-Corporate-1010012865, dated April 6, 2012, shall be the same as the amount reclassified from accumulated translation adjustment under shareholders' equity to retained earnings for the exemptions elected by the Group. The increase in special reserve as a result of retained earnings arising from the adoption of IFRS was \$38,429 thousand.
- E. (a) The appropriation of 2021 and 2020 earnings as resolved by the shareholders on May 26, 2022 and August 19, 2021 are as follows:

|                 | <br>Years ended December 31, |           |          |    |         |                    |          |  |  |  |
|-----------------|------------------------------|-----------|----------|----|---------|--------------------|----------|--|--|--|
|                 | 2021                         |           |          |    | 2020    |                    |          |  |  |  |
|                 | <br>Dividends per            |           |          |    |         | Divid              | ends per |  |  |  |
|                 | <br>Amount                   | share (in | dollars) |    | Amount  | share (in dollars) |          |  |  |  |

| Special reserve | 15,935                       |           |          |    | 17,792  |                    |          |  |  |  |
| Cash dividends  | <br>81,631                   | \$        | 2.10     |    | 91,108  | \$                 | 2.40     |  |  |  |
|                 | \$<br>107,158                |           |          | \$ | 121,810 |                    |          |  |  |  |

Cash dividends have been resolved at the meeting of Board of Directors on February 24, 2022 and February 26, 2021.

(b) The details about the appropriation of 2022 earnings which was proposed at the Board of Directors' meeting on February 23, 2023 are as follows:

|                 |    | Year ended | d December 31, 2022            |
|-----------------|----|------------|--------------------------------|
|                 |    | Amount     | Dividend per share (in dollar) |
| Legal reserve   | \$ | 4,126      |                                |
| Special reserve | (  | 9,128)     |                                |
| Cash dividends  |    | 63,173     | \$ 1.62                        |
|                 | \$ | 58,171     |                                |

Apart from the cash dividends which have been resolved at the meeting of the Board of Directors on February 23, 2023, the remaining items in the above appropriation of earnings are yet to be resolved by the shareholders.

F. For the information relating to employees' compensation and directors' remuneration, please refer to Note 6(24).

| Other employee benefit expenses             |                          | 13,889      |       | 10,190   |  |

Note: For the years ended December 31, 2022 and 2021, the Group had 591 and 605 employees, respectively, and had 5 non-employee directors for both periods.

\$

235,555

261,388

- A. In accordance with the Articles of Incorporation of the Company, the current year's earnings, if profit, the Company shall appropriate 5% to 15% as the employees' compensation and shall not be higher than 2.5% for directors' remuneration; if loss, shall first reserve the offset amount.
- B. For the years ended December 31, 2022 and 2021, the accrued employees' compensation and directors' remuneration is as follows:

|                         | Years ended December 31, |       |    |        |  |  |
|-------------------------|--------------------------|-------|----|--------|--|--|
|                         |                          | 2022  |    | 2021   |  |  |
| Employees' compensation | \$                       | 6,366 | \$ | 11,896 |  |  |
| Directors' remuneration |                          | 1,060 |    | 1,983  |  |  |
|                         | \$                       | 7,426 | \$ | 13,879 |  |  |

The aforementioned amounts were recognised in salary expenses. The Group accrued expenses based on 9% and 1.5% of the pre-tax income that has not been accrued for employees' compensation and directors' remuneration, respectively, for the years ended December 31, 2022 and 2021.

Employees' compensation and directors' remuneration for 2022 and 2021 as resolved by the Board of Directors were in agreement with those amounts recognised in the 2022 and 2021 financial statements. The employees' compensation will be distributed in the form of cash. Information about employees' compensation and directors' remuneration of the Company as resolved at the meeting of Board of Directors will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

The Company may settle the compensation of employees in cash or shares; therefore, the Company assumes that the entire amount of the compensation will be settled in shares, and the resulting potential shares are included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential shares is included in the computation of diluted earnings per share until the number of shares to be distributed to employees is resolved in the following year.

None.

#### 11. <u>SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE</u>

For investment management needs, the Company proposed to acquire all the shares of Strong LED Lighting System (Cayman) Co., Ltd. from its subsidiary HONG BO INVESTMENT CO., LTD. (HONG BO), and the case was resolved by the Board of Directors on February 23, 2023.

#### 12. OTHERS

# (1) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders and issue new shares to reduce debt. The Group monitors capital on the basis of the debt-to-asset ratio. This ratio is calculated as net debt divided by total assets.

During the year ended December 31, 2022, the Group's strategy, which was unchanged from 2021, was to maintain the debt-to-asset ratio within 20% to 40%. The debt-to-asset ratios at December 31, 2022 and 2021, were as follows:

|   | Dece | mber 31, 2022  | December 31, 2021 |               |  |
|---|------|----------------|-------------------|---------------|--|
| Total liabilities   | \$   | 184,172        | \$                | 273,573       |  |

### B. Financial risk management policies

- (a) The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. To minimise any adverse effects on the financial performance of the Group, derivative financial instruments, such as foreign exchange forward contracts are used to hedge certain exchange rate risk. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.
- (b) Risk management is carried out by a central treasury department (Group treasury) under policies approved by the Board of Directors. Group treasury identifies, evaluates and hedges financial risks in close cooperation with the Group's operating units. The Board provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.
- (c) Information about derivative financial instruments that are used to hedge certain exchange rate risk are provided in Note 6(2).
- C. Significant financial risks and degrees of financial risks
  - (a) Market risk

#### Foreign exchange risk

- i. The Group operates internationally and is exposed to foreign exchange risk arising from the transactions of the Company and its subsidiaries used in various functional currency, primarily with respect to the USD and RMB. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities.
- ii. The group companies are required to hedge their entire foreign exchange risk exposure with the Group treasury. Exchange rate risk is measured through a forecast of highly probable USD and RMB income and expenditures. Entities in the Group use natural hedge to decrease the risk exposure in the foreign currency, transacted with Group treasury.
- iii. The Group hedges foreign exchange rate by using forward exchange contracts. However, the Group does not adopt hedging accounting. Details of financial assets or liabilities at fair value through profit or loss are provided in Note 6(2).
- iv. The Group's risk management policy is to hedge anticipated cash flows (mainly from

- export sales and purchase of inventory) in each major foreign currency.
- v. The Group's businesses involve some non-functional currency operations (the Company's functional currency: NTD; other certain subsidiaries' functional currency: USD and RMB). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations and analysis of foreign currency market risk arising from significant foreign exchange variation are as follows:

Note: The Group's subsidiaries have forward foreign exchange contracts. Foreign currency amount is the notional principal. Exchange rate is forward exchange rate that is estimated to be settled at the balance sheet date, and the book value is the amount recognised.

vi. Total exchange gain (loss), including realised and unrealised, arising from significant foreign exchange variation on the monetary items held by the Group for the years ended December 31, 2022 and 2021 amounted to \$11,209 thousand and \$3,178 thousand, respectively.

#### Price risk

- i. The Group's equity securities, which are exposed to price risk, are the held financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income.
- ii. The Group mainly invests in shares issued by the domestic companies. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, post-tax profit for the years ended December 31, 2022 and 2021 would have decreased/increased by \$596 thousand and \$856 thousand, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss. Other components of equity would have decreased/increased by \$346 thousand and \$462 thousand, respectively, as a result of other comprehensive income classified as equity investment at fair value through other comprehensive income.

#### Cash flow and fair value interest rate risk

For the years ended December 31, 2022 and 2021, the Group has no items with impact on profit (loss) due to changes in interest rates.

#### (b) Credit risk

- i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms.
- ii. For banks and financial institutions, the Group transacts with a variety of banks and financial institutions, mainly domestic and overseas well-known financial institutions, to avoid concentration in any single counterparty and to minimise credit risk. The Group can only enter into the financial services and loan agreement provided by banks and financial institutions after being approved by the Board of Directors or authorised management according to the Group's delegation of authorisation policy. According to the Group's credit policy, each local entity in the Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.

- iii. The Group adopts the assumptions under IFRS 9, the default occurs when the contract payments are past due over 1 year.
- iv. The Group adopts following assumptions under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition: If the contract payments were past due over 30 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.
- v. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
  - (i) It becomes probable that the issuer will enter bankruptcy or other financial reorganisation due to their financial difficulties;
  - (ii) The disappearance of an active market for that financial asset because of financial difficulties;
  - (iii) Default or delinquency in interest or principal repayments;
  - (iv) Adverse changes in national or regional economic conditions that are expected to cause a default.
- vi. The Group classifies customers' accounts receivable in accordance with product types. The Group applies the simplified approach using loss rate methodology to estimate expected credit loss under the provision matrix basis.
- vii. The Group used the forecastability of Taiwan Institute of Economic Research boom observation report to adjust historical and timely information to assess the default possibility of accounts receivable. As of December 31, 2022 and 2021, the loss rate methodology is as follows:

|                    | Not past   | Up to 30      | 31~120 days | Over 121   |            |
|--------------------|------------|---------------|-------------|------------|------------|
|                    | due        | days past due | past due    | days       | Total      |
| December 31, 2022  |            |               |             |            |            |
| Expected loss rate | 0.00%      | 0.00%         | 16.43%      | 100.00%    |            |
| Total book value   | \$ 87,201  | \$ 15,387     | \$ 3,366    | \$ 297     | \$ 106,251 |
| Loss allowance     | \$ -       | \$ -          | (\$ 553)    | (\$ 297)   | (\$ 850)   |
|                    |            |               |             |            |            |
|                    | Not past   | Up to 30      | 31~120 days | Over 121   |            |
|                    | due        | days past due | past due    | days       | Total      |
| December 31, 2021  |            |               |             |            |            |
| Expected loss rate | 0.00%      | 0.00%         | 13.74%      | 99.77%     |            |
| Total book value   | \$ 138,932 | \$ 3,438      | \$ 917      | \$ 1,751   | \$ 145,038 |
| Loss allowance     | \$ -       | \$ -          | (\$ 126)    | (\$ 1,747) | (\$ 1,873) |

viii. Movements in relation to the group applying the simplified approach to provide loss allowance for accounts receivable is as follows:

|                                 |        | 2022          |
|---------------------------------|--------|---------------|
|                                 | Accoun | ts receivable |
| At January 1                    | \$     | 1,873         |
| Reversal of impairment loss     | (      | 1,054)        |
| Effect of exchange rate changes |        | 31            |
| At December 31                  | \$     | 850           |
|                                 |        | 2021          |
|                                 | Accoun | ts receivable |
| At January 1                    | \$     | 1,579         |
| Provision for impairment loss   |        | 294           |
| Effect of exchange rate changes |        | _             |
| At December 31                  | \$     | 1,873         |

### (c) Liquidity risk

- i. Cash flow forecasting is performed in the operating entities of the Group and aggregated by Group treasury. Group treasury monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable external regulatory or legal requirements.
- ii. The Group invests surplus cash in interest bearing current accounts and money market deposits, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient head-room as determined by the above-mentioned forecasts.
- iii. As of December 31, 2022 and 2021, the Group's undrawn borrowing facilities both amounted to \$13,420 thousand.
- iv. The table below analyses the Group's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for nonderivative financial liabilities and to the expected maturity date for derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

#### Non-derivative financial liabilities Between Between Between 1 and 2 Within 1 2 and 3 3 and 5 Over 5 December 31, 2022 year years years years years Notes and accounts payable \$ 45,800 \$ \$ Other payables 66,850 Lease liabilities 2,543 297 Non-derivative financial liabilities Between Between Between Less than 1 1 and 2 2 and 3 3 and 5 Over 5 December 31, 2021 year years years years years Notes and accounts payable \$ \$ \$ 103,525 Other payables 87,726

## (3) Fair value information

Lease liabilities

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

7,867

1,940

292

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for the asset or liability.
- B. Financial instruments not measured at fair value

The carrying amounts of the Group's financial instruments not measured at fair value (including cash and cash equivalents, notes receivable, accounts receivable, accounts receivable - related parties, other receivables, notes payable, accounts payable, lease liabilities, accounts payable - related parties and other payables) are approximate to their fair values.

- C. The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities is as follows:
  - (a) The related information of natures of the assets and liabilities is as follows:

| December 31, 2022                      | Level 1          | Level 2         | Level 3         | Total               |
|--|------------------|-----------------|-----------------|---------------------|
| Assets                                 |                  |                 |                 |                     |

- (b) The Group used market quoted prices as the fair values of the instruments in Level 1. Based on the characteristics, the closing prices are used for emerging shares.
- (c) Forward exchange contracts are usually valued based on the current forward exchange rate.
- D. For the years ended December 31, 2022 and 2021, there was no transfer between Level 1 and Level 2.
- E. For the years ended December 31, 2022 and 2021, movements on Level 3 are as follows:

|   |       | 2022          | 2021               |       |  |
|---|-------|---------------|--------------------|-------|--|
|   | Equit | y instruments | Equity instruments |       |  |
| At January 1                                  | \$    | 7,156         | \$                 | 7,156 |  |
| Loss recognized in other comprehensive income | (     | 96)           |                    |       |  |
| At December 31                                | \$    | 7,060         | \$                 | 7,156 |  |

- F. For the years ended December 31, 2022 and 2021, there was no transfer into or out from Level 3.
- G. The Group's treasury department are in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing

- back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.
- H. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

|                                   | Fair value at              |                                   | Significant              |       |  |
|-----------------------------------|----------------------------|-----------------------------------|--------------------------|-------|--|

#### 13. SUPPLEMENTARY DISCLOSURES

### (1) Significant transactions information

- A. Loans to others: None.
- B. Provision of endorsements and guarantees to others: Please refer to table 1.
- C. Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to table 2.
- D. Acquisition or sale of the same security with the accumulated cost exceeding \$300 million or 20% of the Company's paid-in capital: None.
- E. Acquisition of real estate reaching \$300 million or 20% of paid-in capital or more: None.
- F. Disposal of real estate reaching \$300 million or 20% of paid-in capital or more: None.
- G. Purchases or sales of goods from or to related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 3.
- H. Receivables from related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 4.
- I. Trading in derivative instruments undertaken during the reporting periods: Titan Lighting Co., Ltd. entered into forward foreign exchange contracts for the year ended December 31, 2022. As of December 31, 2022, financial liabilities at fair value through profit or loss of \$1,687 thousand was recognised.
- J. Significant inter-company transactions during the reporting periods: Please refer to table 5.

#### (2) Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China): Please refer to table 6.

### (3) <u>Information on investments in Mainland China</u>

- A. Basic information: Please refer to table 7.
- B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area:

Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area for the year ended December 31, 2022 are provided in Note 13(1) J.

#### (4) Major shareholders information

Major shareholders information: Please refer to table 8.

#### 14. SEGMENT INFORMATION

# (1) General information

Management has determined the reportable operating segments based on the reports reviewed by the Chief Operating Decision-Maker that are used to make strategic decisions. Business organisation is divided into Tons Lightology Inc., Titan Lighting Co., Ltd. and Zhongshan Tons Lighting Co., Ltd. based on the nature. The Group's revenue is mainly from manufacturing and trading of lighting equipment and lamps.

# (2) Measurement of segment information

The operating gains and losses are measured by the amount before tax and used as basis for performance appraisal. This measurement excludes the effects of non-recurring expenditures from the operating segments, equity-settled share-based payments and unrealised gains (losses) from financial assets.

# (3) <u>Information about segment profit or loss, assets and liabilities</u>

A. The segment information provided to the Chief Operating Decision-Maker for the reportable segments is as follows:

|   |         | TONS             |          | TITAN     |          | ZHONGSHAN      |          |           |

- B. The Group's reportable operating segments are the result of the organization divided by operating business.
- C. The Group's revenue is mainly from manufacturing and trading of lighting equipment and lamps.
- D. The Group did not allocate income tax expense to reportable segments. The reportable amounts are in agreement with the amount stated in the report to the Chief Operating Decision-Maker.

E. The accounting policies of the operating segments are in agreement with the significant accounting policies summarized in Note 4. The Group's segment profit (loss) is measured with the operating profit (loss) before tax, which is used as a basis for the Group in assessing the performance of the operating segment.

# (4) Reconciliation for segment income (loss)

A. A reconciliation of total revenue after adjustment to the total revenue from continuing operating during the period is provided as follows:

|                                      | Years ended December 31 |           |    |           |  |  |  |  |  |

| revenue  | \$                      | 73,448  | \$ | 131,913 |  |  |  |  |  |

# (5) <u>Information on products and services</u>

Revenues from external customers are mainly from manufacturing and sales of lighting equipment and lamps. Details of revenue are as follows:

|   | Years ended December 31, |    |           |  |  |  |  |  |
|---|--------------------------|----|-----------|--|--|--|--|--|
|   | <br>2022                 |    | 2021      |  |  |  |  |  |
| ; | \$<br>913,801            | \$ | 1,051,699 |  |  |  |  |  |

# (6) Geographical information

Revenues were calculated based on the location of customers. Non-current assets, including property, plant and equipment, right-of-use assets and intangible assets, were categorised based on the location of the assets.

The geographical information is as follows:

| <b>T</b> 7 | 1 1   | D 1      | $^{\circ}$ |
|------------|-------|----------|------------|
| Veare      | ended | December | - X I      |

purchases

Note 1: Transaction amount is based on the transfer pricing policy of Tons Lightology Inc. The credit term is 90 days after monthly billing for purchases and payment is made timely according to the capital needs of subsidiaries.

Note 2: There are no purchases (sales) of the same products, thus, no third party transaction can be compared with.

Note 3: The transactions were eliminated when preparing the consolidated financial statements.

#### Receivables from related parties reaching NT\$100 million or 20% of paid-in capital or more

Note 1: The numbers filled in for the transaction company in respect of inter-company transactions are as follows:

- (1) Parent company is '0'.
- (2) The subsidiaries are numbered in order starting from '1'.

Note 2: Relationship between transaction company and counterparty is classified into the following three categories:

- (1) Parent company to subsidiary.
- (2) Subsidiary to parent company.
- (3) Subsidiary to subsidiary.

Note 3: Regarding percentage of transaction amount to consolidated total operating revenues or total assets, it is computed based on period-end balance of transaction to consolidated total assets for balance sheet accounts and based on accumulated transaction amount for the period to consolidated total operating revenues for income statement accounts.

Note 4: Transaction amounts account for at least NTD 30 million.

#### Major shareholders information

December 31, 2022

Table 8

|                            | Shares                |               |  |  |  |  |
|----------------------------|-----------------------|---------------|--|--|--|--|
| Name of major shareholders | Number of shares held | Ownership (%) |  |  |  |  |
| TANG.SHIH-CHUAN            | 3.535.633             | 8.96%         |  |  |  |  |

Description: If a company applies to the Taiwan Depository & Clearing Corporation for the information of the table, the following can be explained in the notes of the table.

- (a) The major shareholders information was from the data that the Company issued common shares (including treasury shares) and preference shares in dematerialised form which were registered and held by the shareholders above 5% on the last operating date of each quarter and was calculated by Taiwan Depository & Clearing Corporation. The share capital which was recorded on the financial statements may be different from the actual number of shares in dematerialised form due to the difference of calculation basis.
- (b)If the aforementioned data contains shares which were kept at the trust by the shareholders, the data was disclosed as separate account of client which was set by the trustee. As for the shareholder who reports share equity as an insider whose shareholding ratio is greater than 10% in accordance with Securities and Exchange Act, the shareholding ratio including the self-owned shares and trusted shares, at the same time, persons who have power to decide how to allocate the trust assets.

  For the information of reported share equity of insiders, please refer to Market Observation Post System.
